 - Deletion of the contents of digital files, and
 - The use of commercially available software applications to remove all residual data from the storage device. These processes may be outsourced to credible commercial companies who specialise in confidential destruction of records.

9. RETENTION

- 9.1. Timeframes for retention of documents have been set using legislative requirements and other guidelines.
- 9.2. Throughout retention the conditions regarding safe storage and controlled access will remain in place.

10. ARRANGEMENTS FOR THE DEPOSIT, STORAGE AND MANAGEMENT OF DOCUMENTS

- 10.1. In accordance with section 227 of the Local Government Act 1972 (the 1972 Act), MPC may request that Central Bedfordshire Council provide proper depositories for all the specified papers (defined as public books, writings, council papers and all documents directed by law to be kept) belonging to the parish council for which there is no other provision. Documents of local and or historical importance, if not retained and stored by a local council, with or without reliance on the provisions of section 227 of the 1972 Act, should be offered first to the county record office if there is one. The county archivist there will always be willing to advise on which records should be permanently preserved.
- 10.2. MPC has implemented systems of paper and electronic records management (including those records retained for audit purposes reviewed annually by a council's internal auditor). Such systems ensure the storage and security of, access to and disposal of both paper and electronic records.
